Our families need help more than ever!

Photo by Aaron Burden on Unsplash

Isolation. Insomnia. Schedules upended. Therapy by telehealth. Shortages of basic foods for special diets. Fears of falling even further behind academically.

Did we mention isolation? Most families with a child with special needs are not complainers. They have learned to just cope, as best they can. Peace Place is reaching out to help (see page 2) and laying the groundwork on more services to offer. YOUR DONATIONS help us continue to GROW. Thank you for caring about children with special needs!

Brenda Kelly set up a Paparazzi Jewelry fundraiser for us that raised $400! Here she is giving the check to parent volunteer Amber Osborne.

NEWS

SPRING 2020

Volunteer of the Year

Morning Program regular LINDA BLEW has been chosen as our Volunteer of the Year in 2020! "It's an honor to be chosen as Volunteer of the Year," she said, "but I am the one who benefitted the most from volunteering there. It is one of the most rewarding experiences I have had. It is exciting to see the kids grow and learn."
